Commission Statements and the **Net Growth Bonus Program** are available through Security Health Online.

1. Log on to **www.securityhealth.org**, select ***My Existing Business***.
2. Select ***Current Commission and Bonus Report*** to view the latest statement created for your agency.
3. Select ***Past Commission and Bonus Report*** to view past statements.
4. Click on a commission category link, or bonus program that exists, to view details regarding how the paid amount was calculated.
5. Click on an agent's name to view details about his/her commissions and book-of-business.

Checks will continue to be mailed around the 20th of each month; however, paper statements will no longer be printed and mailed with the checks. We also offer automated clearing house (ACH) commission payments as well.

Need Access to Security Health Online?

If you don't have access at this time, please complete the **Agency Access Request Form** found on the Web site in the **Agent** section, under the Security Health Online menu. When requesting access, please indicate "owner" on the form. Only those with the "owner" level will have access to view commissions unless the "owner" decides otherwise. List all employees who you grant permission to view commissions on the form. With this access, they will be able to view all of your agency's listed agents' book-of-business and commissions. Forms may be sent to the Sales Department.

For further assistance, please call the Sales Department at **1-800-622-7790**.
