Health plans that work as hard as you do

Access to top-notch providers and personalized service to help you attract and retain employees

1-800-622-7790 (TTY: 711)
www.securityhealth.org
Benefits that keep your organization healthy

With Security Health Plan, you’ll get an easy-to-manage health plan that helps keep your employees as healthy and productive as your workplace. Whether your employees need access to an array of provider systems, prefer to enjoy a cost-effective network or need to gain access to coverage throughout the nation, we have them covered.

As a non-for-profit organization we give back to Wisconsin communities we serve by supporting programs that improve the health within your community.

Healthy workers are productive workers

Keeping your employees at optimum health, while reducing health care costs

The health of your organization is tied to the productivity of your employees. We’ve developed strategies that provide opportunities for your organization to increase revenue and reduce expenses by creating a healthier and more productive workforce.

Workplace wellness programs are available for any business, even those without Security Health Plan coverage.

www.securityhealth.org/workplacewellness
Your employees get no-charge preventive services whether they have been previously diagnosed with an illness or not.

www.securityhealth.org/preventive-care

We are here to help you and your employees with questions.

1-800-622-7790 (TTY: 711)

Convenient access to care on the go

Whether your employees need quick access to care, plan information or need to speak with our World Class® customer service team, we have them covered.

My Security Health Plan
My Security Health Plan gives your employees fast, easy and secure online access to their health plan information

Mobile App
The My Security Health Plan app lets your employees manage their care on the go.
- track claims
- view and request ID cards
- check deductible
- and more

24-hour Nurse Line
Your enrolled employees can get health information and advice at no charge by calling our 24-hour Nurse Line at 1-800-549-3174 (TTY: 711) anytime.

Care My Way®
Care My Way is a convenient, easy way to get care for certain health problems – without going to see a doctor. Members receive free unlimited visits to Care My Way.

Keeping your employees healthy

Saving time and money
Over-the-counter (OTC) items and drugs can be expensive. That's why we provide our members a $30 quarterly credit to spend on health and wellness supplies.

Navigating care
The health care system is complex. Fortunately, your employees can talk with a Nurse Navigator who can help members avoid unexpected costs and find access to the care they need.

Making fitness our business
Your employees can gain access to premier fitness, weight loss and wellness brands at a discount. They can also take advantage of educational materials, resources and tools to engage and motivate them to become more active and adopt healthier behaviors.
Expanding access to quality care

With Care My Way @ Work, we bring the nurse to your employees virtually. Your employees will no longer have the hassle of scheduling an appointment and missing valuable time away from their job. They can get the care needed right at work – at no cost.

Care My Way @ Work connects patients to a Marshfield Clinic Health System nurse practitioner through a free, virtual visit.

Care My Way @ Work gives your employees the ability to talk to a care team member via a video chat. With the innovative Care My Way @ Work TytoCare™ device, your employees will be able to conduct a video visit while also providing the Nurse Practitioner the ability to listen to heart/lung sounds, evaluate ears, nose and throats as well as send high resolution images of rashes, wounds, etc. A Care My Way® nurse practitioner will advise on which vitals are needed based on symptoms and direct the employee as they collect their vitals. Results appear instantly on the nurse’s screen.

With Care My Way @ Work, your employees will have access to convenient care for minor conditions that may otherwise require missing work for an office visit, like sinus infections or urinary tract infections (UTI).

Insights backed by data help you make decisions and lower your costs

Measuring your success

You need information about how your health plan is helping you control your employee health costs. That's why you'll get reports delivered with a personal consultation from your account manager – and other health experts when needed. You'll get the guidance you need to make adjustments that can improve your employees' health and reduce your claims costs. It can provide the insight to help identify opportunities for short-term and long-term change.

Among the reports for employers with 50+ employees are:

- **Population metrics Report**
  - age, gender and relationship distribution

- **Medical utilization Report**
  - preventive services being utilized

- **Medical management Report**
  - chronic conditions and preventative usage

- **Pharmacy UM utilization Report**
  - pharmacy costs for drugs administered
Security Health Plan

What plan is right for your business?
